Professor Joshua Lederberg  
Department of Genetics  
College of Agriculture  
The University of Wisconsin  
Madison 6, Wisconsin

Dear Professor Lederberg:

In reply to your letter I wish to state that we have not had occasion to work with the glucose-galactose-lactose system other than as noted briefly in our publications enclosed.

Under separate cover we are pleased to forward some lactitol (a more proper term than lactositol). The form which we will send is the dihydrate.

Sincerely yours,

M. L. Wolf from
